From: Sgt. Ronald Furtado

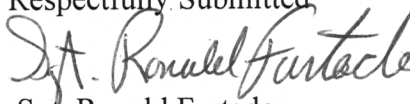

Re: Information Request

Sir:

I have reviewed your request and I am prepared to honor it; however your request is very voluminous. The Fall River Police Department has more than four hundred policies, consisting of hundreds of pages. It will take me approximately 8 hours to cull through these policies and compile a "good-faith estimate for the production of these records. My estimate will entail the cost for me to carefully research, analyze and redact when necessary in accordance with the guidelines set forth in Worcester Telegram & Gazette Corp. v. Chief of Police of Worcester, 58 Mass. App. Ct. 1 (2003).

My hourly rate is 53.32 per hour at a total cost of \$ 426.56. Once the Fall River Police Department has received payment in full, in the form of a certified check, payable to the City of Fall River Police Department, I will commence the work of putting together a "good-faith" for the production of these records.

Respectfully Submitted,

Sgt. Ronald Furtado
Fall River Police Department
Traffic Enforcement Unit
